Description

New for 2010, the Band Wagon is a Paddy Wagon all hopped up. It's the same frame, with geometry somewhere between true track and road for the best of both worlds, but the powder blue and bright orange deep dish rim sporting Band Wagon features higher end spec than the Paddy- for hipsters with a bit more cake. A bike so sweet you could ride it naked and few would notice. But please don't do that. Except on World Naked Bike Ride Day: www.worldnakedbikeride.org.
