### Description

**Flux  
Helmet #20001**  
Product  
Description:

- A deeper rear profile EPS shell offers more comprehensive coverage than a traditional XC helmet.
- In-molding technology molds the outer shell onto the EPS foam. The outer shell covers and protects the EPS from dings and dents, and adds structural

integrity  
with a  
molded  
wrap fit.

- Detox retention system.
- Visor and Spoiler.
- 20 strategically placed vents.
- Inset Chin Straps.
- Testing Standards:  
CPSC,  
CE: EN  
1078,  
AS/NZS  
2063
