

Spinner Ti

Aeris Ti 1.25

Lightest fork with Titanium and Scandium Top Hi-end materials.

The best XC racing fork ever made is also a metallurgical work of art! Still the lightest suspension fork on the market, we have upgraded it internally to perform wonderfully in all conditions using Spinner's unique SPRZ system which is the utmost in performance simplicity.

Patent number:
No.M 242450
ZL 03 3 42353.4
No.US 7,322,869
No.0244996

Aeris Sport

The Aeris sport is the econo version of our Aeris fork. By using an alloy steerer, crown and stanchion coupled with our patented A-SPRZ rebound system and smart lockout function, the Aeris Sport performs like it's big brother, but without all the pricey bells and whistles.
