Description
BIZANGO 29ER MOUNTAIN BIKE
A bike that needs no introduction, the VooDoo Bizango 29er Mountain Bike is a trail-destroying beast that has a slew of awards to its name, and it’s easy to see why. Bumpy trails are no match for this bike’s specs: a 120mm Suntour Raidon air fork soaks up all those bumps like a sponge, and the 20 speed Shimano Deore drivetrain provides an excellent range with smooth changes. The Bizango laughs in the face of mud and obstacles thanks to its large 29? wheels and Maxxis Ardent tyres which provide fantastic traction without slowing you down. If things are getting too hairy, the powerful Shimano hydraulic disc brakes can be relied upon in all weathers, and it’s topped off with a finishing kit that provides precise and direct handling. The Bizango is the bike that’s always raring to go and sulks when it has to come home.

Frame: Lightweight double butted aluminium
Fork: Suntour Raidon 120mm fork with lockout for excellent trail performance
Gears: Shimano Deore 20 speed gearing for ultra precise and fast shifting
Brakes: Shimano hydraulic brakes for fast and efficient stopping
Wheels: 29? Alloy double wall VooDoo wheels and Maxxis tyres for excellent grip
